---

**Disclaimer:** We proudly manufacture Western Australia's best quality spa cover that is intended to reduce evaporation, ensure better thermal regulation and insulation for your spa.

***Please be aware that whilst covers offer a form of weather resistance, they are not intended to be 'weatherproof' and should be suitably protected. We accept no responsibility for environmental related degradation and/or any damage resulting from incorrect use, as determined by Prestige Spa Covers. All straps must be attached and the cover should never be picked up in any manner other than by the handles (ie not by the straps or skirt etc).***
